

*Oregon Joint Use Association presents*

## **NESC® and Joint Use Work Rules** **A two-day workshop featuring David Marne**

**April 24 & 25, 2012**  
**Sheraton Portland Airport Hotel**

### **About the Program:**

---

This is a two-day class focusing on the application of the National Electrical Safety Code (NESC) joint use rules and work rules. **This year's program will be specifically focusing on the 2012 NESC code change.** Prior working knowledge of the NESC is not required. The class will also provide a general overview of each part of the NESC. The class is intended for engineers, staking technicians, power line workers, communications line workers, safety workers, inspectors and joint use administrative staff. The class provides generous time for questions and attendees are encouraged to share their experiences with the class. The presentations are rich in graphics and practical applications. Learning how to apply the code is a must for personnel responsible for operating and maintaining a safe utility system. This program provides 1.2 Continuing Education Units (CEUs) or 12 Professional Development Hours (PDHs).

### **Top 5 Reasons to Attend This Year's Training:**

---

1. 2012 NESC® Joint Use Rules presented by industry expert David Marne.
2. Oregon Administrative Rules related to Joint Use and Inspection Programs.
3. Introduction group discussion of Industry Best Practices.
4. Regionally relevant training.
5. Networking opportunities with other industry workers and colleagues to share experiences and solve problems.

### **Who Should Attend?**

---

- Line Workers
- Utility Contractors
- Engineers
- Field Technicians
- Engineering Technicians
- Inspectors
- Estimators
- Administrators of Joint Use Work

# Event Logistics

## Fees

### Registration Fees

Registration is for both days of the event: \$399 for OJUA members; \$499 for non-members. An early registration discount of \$100 is available for participants registering before April 4.

## Registration

Complete and return the registration form or register online at [www.ojua.org](http://www.ojua.org). *Registration is for both days of the event.* Please complete one registration form for each attendee (reproduce form as needed). ***Remember – Participants should bring a copy of the 2012 edition of the National Electrical Safety Code. Return completed forms to OJUA, 1286 Court St NE, Salem, OR 97301, Fax: 503-364-9919.***

## Lodging

Lodging is available on site (starting \$109.00/night + tax, single or double occupancy). Call toll free 1-800-325-3535 by April 3, 2012, to take advantage of this special rate. Be sure to tell the hotel's representative that you're with the Oregon Joint Use Association.

## Parking

Free, on-site parking will be available.

## 2012 Edition of the National Electrical Safety Code

You can order a copy of 2012 NESC Codebook for this event. Order now, on the registration form, only \$120 for members. Buy yours today!

## Location

**The Sheraton Portland Airport's physical address is 8235 Northeast Airport Way, Portland, OR 97220.**

### **From East**

From I-5 take Interstate 84 West and take Exit 21A to I-205 to I-205 North. Take Exit 24A to Portland International Airport to Airport Way. The hotel is located 2 miles on the right-hand side.

### **From North**

From I-5 take Interstate 205 South, via Glen Jackson Bridge. Take Exit 24 to Portland International Airport to Airport Way. The hotel is located 2 miles on the right-hand side.

### **From West**

From I-5 take I-84 East to Exit 8 (I-205 North). Take Exit 24A to Portland International Airport to Airport Way. The hotel is located 2 miles on the right-hand side.

### **From South**

From I-5 take I-205 North. Take Exit 24A to Portland International Airport to Airport Way. The hotel is located 2 miles on the right-hand side.

## Additional Information

If you require special arrangements in order to fully participate in the conference, please call the OJUA office at 503-378-0595 so we can discuss how to meet your needs.

Attendees should plan to dress in layers during the conference since everyone's personal thermostat is different.
