

Proposed Revision
(For Revision of 2017 NESC Edition)

The Standards Committee of the Oregon Joint Use Association is soliciting industry suggestions for proposed revisions to the 2017 edition of the NESC code book (for publication in the 2022 edition).

The Standards Committee will be reviewing proposed revisions from January through June 2017.

NOTE: Please use a separate form for each proposed revision.

Represented: _____

Please attach a brief description of the proposed change and provide an explanation of your reasons for proposing this change. Attach additional pages as needed.

If your comment has suggested revision text for the existing code language, please use the following format:

- Additions are shown with underlined text.
- Deletions are shown with ~~strikethrough~~ text.
